Summer Registration via Student/Parent Portal

Use the Aeries Portals link on your school’s website or type this URL into your browser window: [https://carlsbadusd.asp.aeries.net/student](https://carlsbadusd.asp.aeries.net/student)

Log into your **Parent** Portal Account.

If the reminder bar is not present, you can still access the Data Confirmation process via the Student Info menu tab.

Click on each section and review the information on that tab. Click on the Change button to make any corrections, and click on the green Confirm and Continue button to proceed to the next section. You can logout and continue the process until complete.

Click on each contact listed to view details. If corrections are needed, click on the Change button.

Bring all the completed forms with the required supporting documents to the Registration Event at your school in August.

After confirming all the data, please Print a New Emergency Card. Bring the signed card, along with all the other required documents to your Registration Event in August.

By printing the Emergency Card, you are “confirming” that you have completed the required steps. Please sign this and return to the school at their Registration Event along with the other required documents.
